

2026 STRATEGY SESSION PLAN

For

TUKIO KONSULTS LIMITED

Prepared by

Shamzbridge Consult Limited

May 2026

1. Introduction

Tukio Konsults Limited is a leading event planning and management consultancy firm established to provide innovative, premium, and international-standard event management, travel logistics, public relations, and rapporteuring services across Africa. Over the years, the company has successfully coordinated conferences, workshops, hackathons, festivals, and product launches for diverse clients and organizations.

As the organization continues to grow, there is a need for strategic alignment, operational strengthening, and sustainable planning toward achieving its long-term organizational goals. This strategy session is designed to provide leadership and team members with an opportunity to evaluate the company's journey, align on the 2026 vision, define actionable strategies, and establish accountability mechanisms for growth and sustainability.

2. Purpose of the Strategy Session

The purpose of the Tukio Konsults 2026 Strategy Session is to:

- a. Strengthen the team's understanding of the company's identity, operations, values, and direction.
- b. Review the company's growth journey, achievements, lessons, and operational performance.
- c. Align all team members on the company's 2026 strategic vision and priorities.
- d. Develop actionable strategies to improve financial sustainability, visibility, client retention, expansion, and staff development.
- e. Define clear roles, responsibilities, resource requirements, and accountability systems necessary for successful implementation.
- f. Establish measurable progress tracking and monitoring mechanisms for organizational growth.

3. Objectives and Expected Outcomes

Objectives

The strategy session aims to:

- a. Improve team alignment and organizational understanding.
- b. Review the company's operational and strategic performance over previous years.
- c. Clarify and communicate the company's 2026 vision.
- d. Identify strengths, gaps, opportunities, and growth areas across the organization.
- e. Develop practical strategies and action plans toward achieving organizational goals.
- f. Assign responsibilities and ownership for strategic initiatives.
- g. Establish implementation, reporting, and progress tracking systems.

Expected Outcomes

At the end of the session, the company should have:

- a. A unified understanding of Tukio Konsults' mission, vision, operations, and direction.
- b. A documented summary of organizational progress, achievements, and lessons learned.
- c. Clearly defined strategic priorities for 2026.
- d. Actionable implementation strategies for each focus area.
- e. Defined resource requirements for execution.
- f. Assigned responsibilities and accountability structures.
- g. Agreed timelines and measurable success indicators.
- h. A framework for monitoring, evaluation, and follow-up.

4. Participants

The strategy session participants will include:

- a. Executive Management
- b. Department Leads
- c. Project and Program Managers
- d. Operations Team
- e. Business Development and Client Relations Team
- f. Finance and Administration Team
- g. Human Resource Personnel
- h. Communication and Media Team
- i. External Facilitator/Consultant

- b. Opening Remarks and Welcome Address
- c. Team Understanding: Exploring Team Knowledge of Tukio Konsults and Its Operations
- d. Appraisal and Review of Company Past Performance (Tukio Journey Summary)
- e. Presentation and Discussion of Tukio Konsults 2026 Vision
- f. Strategic Goal Setting and Action Plan Development for Key Vision Areas
- g. Group Discussions and Strategy Mapping Session
- h. Observations, Questions, Clarifications, and Contributions
- i. Announcements and Next Steps
- j. Closing Remarks

Strategic Focus Areas for 2026 Vision

The strategic planning discussion will focus on the following key organizational vision areas for 2026:

- a. Financial Sustainability
- b. Visibility and Brand Positioning
- c. Client Retention and Relationship Management
- d. Business Expansion and Growth
- e. Staff Growth, Training, and Retention

2026 Strategic Vision Planning Matrix

Vision Area	Desired Outcome	Existing Efforts and Past Approaches	Practices or Gaps to Eliminate	Areas Requiring Improvement	Strategic Initiatives and Success Approaches	Required Resources	Responsible Teams/Persons	Monitoring and Performance Indicators	Key Action Steps

NB: This table will be created and filled using a spreadsheet

Explanation of Strategic Planning Matrix Sections

a. Vision Area

This section identifies the major strategic focus area being discussed during the session. Each focus area represents a key organizational priority that contributes to the company’s long-term growth and sustainability.

b. Desired Outcome

This section defines the specific result or future state the organization intends to achieve under each strategic focus area by 2026.

c. Existing Efforts and Past Approaches

Participants will review strategies, systems, activities, or initiatives that have previously been implemented toward achieving the vision area. This helps identify what has worked, what has not worked, and lessons learned.

d. Practices or Gaps to Eliminate

This section identifies ineffective processes, recurring challenges, operational bottlenecks, or practices that may hinder organizational growth and should therefore be discontinued or minimized.

e. Areas Requiring Improvement

Participants will identify operational, structural, communication, service delivery, staffing, or performance areas that require strengthening for improved organizational outcomes.

f. Strategic Initiatives and Success Approaches

This section captures practical, innovative, and achievable strategies that the company can implement to successfully achieve each vision area.

g. Required Resources

This section outlines the financial, human, technological, operational, partnership, and material resources required to successfully execute the proposed strategies.

h. Responsible Teams/Persons

Specific departments, teams, or individuals will be assigned ownership and accountability for implementing the identified strategies and action plans.

i. Monitoring and Performance Indicators

This section defines how progress and success will be measured. Indicators may include revenue targets, client satisfaction rates, project delivery timelines, social media visibility metrics, staff retention rates, partnership growth, or other measurable performance indicators.

j. Key Action Steps

This section captures the immediate and long-term activities that must be carried out following the strategy session to ensure implementation of agreed strategies.

6. Documentation and Reporting

The following documentation and reporting processes will be adopted during and after the strategy session:

- a. Proper documentation of all discussions, recommendations, and resolutions.
- b. Preparation of a comprehensive strategy session report.
- c. Documentation of key organizational priorities and action plans.
- d. Development of implementation timelines and responsibility matrices.
- e. Compilation of attendance records, session photographs, and presentation materials.

- f. Preparation and circulation of post-session communique and implementation summary.
- g. Archiving of reports and strategic planning materials for organizational reference.

7. Follow-Up and Monitoring Plan

To ensure effective implementation of outcomes from the strategy session, the following follow-up mechanisms will be established:

a. Periodic Review Meetings

Monthly review meetings will be conducted to assess implementation progress, address challenges, and evaluate outcomes.

b. Progress Reporting Structure

Assigned teams and responsible officers will submit periodic progress reports on agreed strategic initiatives and action plans.

c. Performance Monitoring Framework

Key performance indicators (KPIs) will be developed for each strategic focus area to monitor organizational growth and impact.

d. Accountability and Ownership

Departmental leads and assigned personnel will be responsible for driving execution and ensuring timely delivery of agreed responsibilities.

e. Continuous Improvement Process

Feedback, lessons learned, and emerging opportunities will continuously inform improvements to the company's strategic direction and implementation processes.

f. Quarterly and Annual Strategy Review

A quarterly and an annual strategy review session will be conducted to evaluate organizational performance, reassess priorities, and update strategic goals where necessary.

8. Conclusion

The Tukio Konsults 2026 Strategy Session is designed to strengthen organizational alignment, improve operational effectiveness, and establish a practical roadmap for sustainable growth. Through collaborative discussions, strategic analysis, and actionable planning, the session will provide a framework for positioning Tukio Konsults as a more visible, financially sustainable, client-focused, and growth-driven organization across Africa.
